SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	1. Some suggestions were shown on pdf. 2. in material and method section; it is said that, experiments were established in 2011 and harvest was done in 2011. When the text was investigated, it was understood that F pratense was harvested in 2011 and 2012. It shoul correct. 3. in material and method section; it was not determined clearly which growth stage of plant was harversted. 4. statistical analysis method was not explained in details. 5. table 2 is complex. 6. in table 4, 5, 6 and 7, letter was not written according to Tukey test. Only LSD value was given in table as foot note. you should give letter in table according toTukey test. If you want, you should give LSD values as a foot note. 7. when I saw LSD values, i understood that some interaction was found statistically significant. When interaction was found statistically significant, interaction should be discussed instead of main effect. Thus, in results and discussion section should be reviewed.	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
