SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The work is relevant to the region and for the wheat crop. It presents typing errors such as RAPID, which should be RAPD. This error is in the title!!! The tables are confusing, poorly explained and the discussion is very weak, with only an old reference. The introduction should be better, with more fresh references	These mistakes have been corrected
Minor REVISION comments	There is no conclusion and the abstract is not interesting.	
Optional/General comments	Accept for publication after corrections
