This manuscript can be publish in your esteemed research journal sir	Comment: "Abstract should be give briefly and needly, should not give aim, design and methodology....." Response: We followed the journal format on this. Comment: what is meant by counties? methodology part you have written two part, it should be write com-pain and briefly don't make elaborate Response: Counties are the administrative regions in which Kenya as a country is divided We have combined the two sub-sections of the methodology; however, we have not reduced the explanation on how it was done so as to allow better understanding on how the data was collected. Comment: In this part too long, can you give briefly result and discussion and also more graph is there can you reduce graph part. Response: We acknowledge that the graphs are many, however we evaluated many variables and this is the reason they are many. It is not possible to combine them Comment: Please cross check all the references
