**PART 1: Review Comments**

|                                            | <b>Reviewer's comment</b>                                                                                                                                                                                | <b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b><u>Compulsory</u></b> REVISION comments | There is no need for <u>Compulsory</u> REVISION                                                                                                                                                          |                                                                                                                                                                                      |
| <b><u>Minor</u></b> REVISION comments      | There are some grammatical mistakes in the text. The author/authors should take into consideration this important issue.                                                                                 |                                                                                                                                                                                      |
| <b><u>Optional/General</u></b> comments    | In my opinion it is a good planned and well arranged study. It is based upon detailed field works and questionnaires' with local people. The selected topic has been quite interesting and well defined. |                                                                                                                                                                                      |
