

SDI Review Form 1.6

Journal Name:	American Journal of Experimental Agriculture
Manuscript Number:	Ms_AJEA_29284
Title of the Manuscript:	Ranking on Chemical Composition, Feed Intake, Digestibility, Production Performance and Cost of Production of Sole Moringa oleifera with Other Available Roughages
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	1. In abstract it was cited Eighty bulls in experiment. In material and methods it was cited Eighteen bulls. What is it right?	
Minor REVISION comments	1. It would be interesting add in title the animals of the study. Sugestion: "Ranking on Chemical Composition, Feed Intake, Digestibility, Production Performance and Cost of Production of Sole Moringa oleifera with Other Available Roughages in bulls feeding" 2. In table 1, if the results are in percentage, it's not necessary put g/100 g DM in title. 3. Put subtitles in table 1. 4. Put subtitles in table 2 (acronyms). 5. In line 158: Put % in all values. 6. In line 158: the results of digestability cited in this line were another study? If yes, put they in discussion, not in results. 7. In lines 165 and 166: The efficiency conversion is it respectively? I look oposite, so, write more clearly. 8. Put subtitles in all tables.	
Optional/General comments
