Subject: Re: Request for final decision for manuscript number 2013_AJEA_4419

I have finally checked the manuscript. Unfortunately, the authors failed to revised properly. There are still some major error which must be corrected before acceptance.

Please superscript the treatments: (I_0), irrigated (60 mm) at 21 according to the Zadoks scale (I_1) and irrigated (60 mm) at 59 according to the Zadoks scale (I_2). Follow this throughout the manuscript.

Also, N_0 , N_1 , N_2 etc

Use $N\text{ ha}^{-1}$ instead of N/ha. Follow this format throughout the manuscript.

Do not use bullet (tick mark) to describe the treatments. Use normal paragraph.

Make conclusion in a single paragraph. Make it concise.

Be consistent on reference formatting:

Field Crops Research. 1998; 59: 175-179.: here you used full form of journals, semi-colon after year

Agric. Water Manage. 1995. 21, 143–154: here you used abbreviated form, period after year

Please follow a common format. Please refer to the guidelines of AJEA.
