Subject: Re: Request for final decision for manuscript number 2013_AJEA_4929

I have carefully read the stages of revision of the manuscript, and I think that, despite the second reviewer has considered the manuscript not yet adequate for publication, I think that this last version of the manuscript results suitable for publication since the manuscript meets (in my opinion) all the criteria for originality and content. Therefore, I accept the paper in its present form.
