

SDI Review Form 1.6

Journal Name:	Asian Journal of Environment & Ecology
Manuscript Number:	Ms_AJEE_31102
Title of the Manuscript:	TOTAL PETROLEUM HYDROCARBON CONCENTRATION IN SURFACE WATER OF CROSS RIVER ESTUARY, NIGER DELTA, NIGERIA
Type of the Article	Research

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Data validation such as using surrogates to verify the data obtained. Other detailed quality control and quality assurance procedures should be provided. In any monitoring study, comparison with reported data of total hydrocarbon in river surface waters is a must and should be presented, in a Table (> 10 reviewed papers). Later, discussion based on comparison between present and reported data should be clearly provided. Please improve English language. Format of Reference list is not consistent. Please improve. Please check all citations in the text are found under Reference List. Please the overall flow of text throughout the paper.	Thank you very much for your observations. The corrections have been effected. Thank you for your observations. However, I have compared the results obtained in this study with the ones reported by other researchers and i don't think presenting their work in a tabular form will be necessary.
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
