PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	1. Site Description should be Study Location/Site Description and should come before Materials and Methods 2. More recent articles should be cited 3. Sampling should be the beginning of Methodology	Study Location/Site Description considered and the section was changed to come before Materials and Methods More recent articles were considered as refs; [48,49 and 50] Sampling was moved to the beginning of Methodology (i.e Materials and Methods)
Minor REVISION comments	Minor Correction	
Optional/General comments	Very good article but Figures 2 and 4 should be enhanced and enlarged – i.e should be legible enough.	Figures were now expanded
