SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	1- Generally, the manuscript should be revised by a native English speaker. 2- Line-90: explain the term "effluent"; i.e., is it effluent from treatment plants, or discharges from industries, or leachate from landfill or other. 3- Insert a plot in each figure to indicate the allowable limits of the PPCPs in each country or region. 4- Make more discussion on figures; i.e., don't only display the results.	Done Done PCPPS are not regulated so there are no limits present. See revised introduction section. Done. We have added additional text and references (5, 7,8) revised the abstract and conclusion, and formatted references to journal standard.
Optional/General comments
