SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Comments were highlighted on the manuscript. The research work lacks clarity, though methodology was good. Most references cited were from 1969, and no recent research findings from at-least year 2000. The manuscript should be re-written from the beginning to the end. This type of obsolete experiment and write-up does not fit the journal.	The paper has been modified and written as directed to meet the target aims. Some of the outdated references are books, however some have been updated
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
