| <b><u>Compulsory</u></b> REVISION comments | I couldn't find where you stated any research hypothesis in this work. No research hypothesis in the abstract and yet you were telling us in the body of the work that the significant differences is this, is that.<br>Please kindly state your research hypothesis where necessary. In order for us to know what you are testing.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |                                                                                                                                                                               |
| <b><u>Minor</u></b> REVISION comments      | There are so many errors in the study, most of which are typographical errors and some wrong sentences in some instances.<br>But that is not a problem as i have taken the pain to help you make some necessary corrections.<br>All you need to do is to patiently go through the entire study afresh by following each sentences line by line making necessary corrections.<br>Here are some of my observations<br><br>Line 34: please it should be reveals and not reveal<br>Line 51: making it<br>Line 55: please remove the slash symbol. You can use (region or place)(region and place). Any of the above that best describes your message<br>Line 64: please don't you think it should be communities? I thought you were referring to more than one community right?<br>Line 64-66: please look for away to merge the sentence as one.<br>Line 70: Logistic location how? Please can you elaborate on this? |                                                                                                                                                                               |
