SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The result of this research is only useful/ applicable in Akwa Ibom State, Nigeria. It is a simple work to determine the amount of oils in different stations, however, research was fulfilled based the objective. Only some minor corrections need to be done.	
<u>Minor</u> REVISION comments	- I suggest to bring a photo or a flow chart for methodology part (samples) as supplementary file. It will gives a clear pattern to readers about your work. - What you mean by "No space was allowed between the foil and the water samples". The space would be bottle. Right? - - Line 181 is not complete. - - Line 184 no complete too...who determinated? - Lines 188 & 195...[40] ?? [41]?? - References need to be double check and adjust based on the journal format	
<u>Optional/General</u> comments
