PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	No need of paragraphs highlighted in background or introduction No need to write aims and objectives. Write brief description of study area in methodology.	The use of caption "Aim and Objectives" is removed as suggested. The methodology is much that is why we discussed them separately.
<u>Minor</u> REVISION comments	paragraph of study area the climate of humid area based on koppen classification should be discussed in introduction	This perspective has been corrected as suggested. See the abstract.
<u>Optional/General</u> comments	conclusion and recommendation ...write brief in a single paragraph	The model of writing is in conformity with that of the Journal and is moderate. Thank you for the objective and useful comments.
