

SDI Review Form 1.6

Journal Name:	Asian Journal of Environment & Ecology
Manuscript Number:	Ms_AJEE_40546
Title of the Manuscript:	The use of sawdust biochar as soil amendments to improve allelochemical-laden soils in the landscape
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Please see the manuscript in PDF file and address all the comments shown in the text note. Most important: citations should be given in numbers and they should be presented in the reference list in the order they appear in the text. Improve presentation of results.	Corrections have been made in the revised manuscript (word doc.) Please see attachment The error in citation listing has been duly addressed. Presentation has also been improved. For Table 4, the results shown was for the soil only (initial soil) analysed beneath the bamboo when it had not been amended with the different biochar. The style of presentation could not follow the one in Table 5.
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	The article is suitable for publication pending minor revision as shown in the PDF file of the manuscript
