PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Author mentions the title as case study but the entire article shows full length research paper. The theme of this article is completely based on an incident/case. So, of course, should arrange this article as a case study style, follow the following style- Summary Findings Discussion Conclusion Recommendations Implementation References Appendices (if any) After arranging in this way this article will be fine and may accepted. I sent five important articles which are related to his/her article. the author may add some references by reading these articles.	Yes, the article is a full length research paper of an original research study and has been prepared as per the author guidelines. A small correction has been made on the title of the manuscript as "Community Attitude and Religious Bonding in Human-Wildlife Conflict Mitigation: A Study of Kilpura-Khatima-Surai Corridor, Terai Arc Landscape, India" We thank to the reviewer for sending the valuable articles for reference purpose. We may include some of them in final manuscript.
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
