General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	1. Grammar and spelling mistakes 2. Very few references are quoted. Only eleven authors have been quoted. Review more since this topic is widely researched with very many case studies globally 3. You have quoted 2012 as the most recent literature. Quote more recent literature up to 2018. 4. Improve your discussion with more literature review on similar topics or related ones 5. Conclusion should not be discussed as you have done. Give statements based on the objectives and the results of your study	
Minor REVISION comments	1. Recommendations are missing. Provide them also based on the objectives of the study	
Optional/General comments	1. Include the number of sampled households in your abstract
