SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	This manuscript meets some of the objectives of the journal's and provides valuable information towards the advancement of the knowledge in the area covered (soil organic carbon and carbon sequestration). However, the text is not fluent and the it requires a regress review (please see attached file). The language in the manuscript needs to improve and the text requires major changes.	
<u>Minor</u> REVISION comments	• The title needs to be changed • RR used in the text indicate the statement or line needs to be Re-Written. • The sequence in the tables need to be revised • Parts of Figure 2 are not clear • Figure 3 lacks Units on each axis • References need to be indented properly to make the numbers aligned and separate from the text	
<u>Optional/General</u> comments	Please see above comments
