General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments		
Optional/General comments	Subject is new and original. Manuscript is communicating new and important results. The subject is well stated in the introduction. The amount of data presented is sufficient. I am not aware of any errors in the calculations and the statistical treatment would appear adequate. Results are new and original. The tables are appropriate. The length is appropriate. Discussion is adequately discussed. It appears as though the authors have conducted a sufficient literature review. From my point of view, manuscript is able to publishing in Asian Journal of Environment & Ecology .
