SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	1. Under the methodology section, do well to define the study type/ research approach before the data collection procedure. 2. Add a map of the study area 3. Indicate the kind(s) of interviews that were conducted with the Hunters (IFH), and the local people (IFLP). Provide justifications from literature to substantiate their appropriateness for the study. 4. What was the sampling technique used and what sample size was utilized for the study? Provide enough justifications of their suitability from the literature. 5. What kind of data was collected from the bush meat processing and selling centre (IFBPSC)? Furnish readers with this information. 6. Recommendations: Are these not done already? Does the park managers don't have laws for protecting the park and the fauna species there? Kindly rephrase the recommendations to make them stronger.	
Minor REVISION comments	1. Add one conclusion/recommendation from the study to the last section of the abstract 2. Kindly enrich the paper by citing recent studies in the field of research	
Optional/General comments	Generally, the work is good.
