

SDI Review Form 1.6

Journal Name:	Asian Journal of Environment & Ecology
Manuscript Number:	Ms_AJEE_44003
Title of the Manuscript:	WATER QUALITY CONTAMINATION AND ACUTE TOXICITY OF PAINT EFFLUENT ON AFRICAN MUD CATFISH (<i>Clarias gariepinus</i> , Burchell, 1822) FINGERLINGS
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Introduction seems to be lengthy, so make it brief with only the requisites. Title can be modified.	Introduction reduced, check revised manuscript. Title modified, check revised manuscript.
Minor REVISION comments	Line 11: The term "Culture water" can be replaced by yet another suitable terminologies. 26: Instead of the use of "I" the study emphasizes can be used 42: Avoid could 523:Scientific name should be italicised	Corrections effected, check revised manuscript.
Optional/General comments	In the reference part journal name should be in italics and in abbreviated forms. The value of physico- chemical parameters in normal water sample can be provided for comparison.	References corrected, check revised manuscript. No need to compare physic-chemical parameters of normal water with that of the culture water because there was a control group through which the water parameters of the culture water was compared. This is the standard method for research such as this.

As per the guideline of editorial office we have followed VANCOUVER reference style for our paper.
