

SDI Review Form 1.6

Journal Name:	Asian Journal of Environment & Ecology
Manuscript Number:	Ms_AJEE_43545
Title of the Manuscript:	Enumeration of total heterotrophic bacteria counts and petroleum degrading bacteria counts in water and sediments from Diobu Creek, Port Harcourt, Nigeria
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The data is relevant to the journal but few important changes and suggestions may be followed which are below 1. Line number 74 to 83, in introduction section. 247 samples, are these your samples or other published work done by other researchers if these are the work of another researcher so modify the para like " other researchers studied that..... etc". 2. Line number 47 to 72 in introduction part" Please modify the para and minimize it is looked like the discussion. 3. In material and method section lines 121 to 123 preparation of media and lines 144 and 145, please mention the reference which were followed for media preparation and bacterial identification. 4. There is no statistical used in the paper, if you used the statistical tools and states please mention after line 146 in methodology section which is important for the current study's significance. 5. In Result portion the Figure 1 and Figure 2 are not mentioned in description. 6. Modify the first para of discussion carefully. 7. There is no description about the total number of water and sediment samples which is very necessary if it is possible you can mention monthly total samples. (Line 105 to 108 in methodology section).	
Minor REVISION comments	The manuscript is written suitable but few writing and grammatical mistakes were present which are mentioned as below: 1. Double spaces should be removed from lines;17, 22, 41,44, 49, 51, 60, 66, 77, 86, 95, 96, 98, 99, 102, 106, 107, 112, 117, 118, 133, 134, 153, 156, 169, 193, 210, 222, 224, 281, 289, 292, 295, 299, 304, 305, 304, 308, 311, 312, 316, 317, 320, 323, 335, 339, 343, 344, 345, 346,347, 349, 351, 352, 354, 356, 357, 359, 360, 361, 362, 364, 366, 369, 370, 371, 374, 376, 381, 382, 387, 391, 395 2. Line no 44,. 205, 206, 224, 229, 238, 243, (follow the journal rules for references). 3. Line 99 (Remove (4) which s look like the references) 4. Line 131, 206, 215, 238. (Write the authors name accordingly). 5. Line 132 (What is meant by 1m if it is 1 mole then write m in capital as 1M). 6. Line 157 and 158. (Modify the line and replace sapling by sampling) 7. Line 277. (Remove J) 8. Line 331 (Change according to the journal references) 9. Line 342 (Put page numbers correctly in the reference) 10. Line 365, (Change according to the journal references) 11. Line 388 to 390 (change according to the journal). 12. Why the graphs have no SD or SEM Bars?	
Optional/General comments	1. The references should be written as in [] not in () according to the journal guideline, please read carefully the journal reference guideline. 2. One or two references may be included in the current work beauty, from the 2016 and 2017 as latest work. 3. One or two reference should be included from Asian Journal of Environment & Ecology.
