SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	The text addresses a relevant and current theme, the preservation of agrobiodiversity in the urban environment and its the role in the maintenance of food and family traditions. The collection of data was restricted to a fraction of a housing complex and there are no elements in the text to assess to what degree this sample represents the community, the city, even less the state, as the title suggests	
<u>Minor</u> REVISION comments	L8 - I believe the authors intended to say that: However, the homegardens surveyed have a cultural character, which reveals the importance of these as a resource for the construction and transmission of knowledge, about management information, type of use and conservation of community identity L28 - Rosa et al (8) suggest... L33 - .nUrban..."?" Urban... L48 - is characterized by 58.82% of households consisting of houses, houses or similar... Existem referências não numeradas entre as referência 9 e 10 e 10 e 11.	
<u>Optional/General</u> comments
