SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Revised on Abstract Section The purpose of this study was to analyze the planning of developing tourism of the Taiwan Government to visit for Chinese tourists and the tourists' perceptions of their impacts to their tourism's development toward the indigenous people through the developing tribal tourism were examined. Focused on the Alishen tribes as objects, at Chiayi City, Taiwan, administer to the qualitative research method was selected for investigating the Chinese tourists' performances of their perceptions to their tribal tourism with the empirical data, and the results of this research study have found that: the government's tourism planning has an important impact on the development of indigenous tribes; the decreasing Chinese tourists have a little impact on the tourism development of the Alishan tribe, and the developing tribal tourism has a positive impact economics. Suggestions that based on these findings, not only this study are provided for developing government and tribal tourism but also for designing management for future research, directly. Introduction Section The indigenous culture is an important intangible cultural asset in Taiwan, and the tribe 18 they live in is a cultural heritage. But under the impact of modern life, not only the traditional 19 the culture..... Serious flow requires the development of the 26-tourism to provide tribal residents with opportunities for employment. Alishan is an important the 27-tourist and recreational area in Taiwan. It not only has natural resources but also possesses a 28 rich Tsou indigenous culture..... Therefore, different political parties in power will have different indigenous 31 policies and the relative will have..... There are too many missing grammatical all sentences.
