PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	More contemporary references, preferably from 2017-2018 must be cited. The researcher should indicate the limitations of the study. Areas of further research must be included. The educational implications must be expanded further	• More contemporary references have been provided in pages 2 and 3. • Limitation of the study has been included in page 19. • Area for further research has also been included in page 19. • The educational implication is the decline in school attendance due to climate variability. Other implications such as the effects of climate variability on academic performance are an area for further research.
Minor REVISION comments	The gap in the literature needs to be clearly pinpointed and the researcher should indicate how this study will be contextualised to a wider body of knowledge.	This is provided in page 3
Optional/General comments	None
