| FINAL EVALUATOR'S comments on revised paper (if any)   | Authors' response to final evaluator's comments |
|--|---|
| The author didn't make any changes on the content of the manuscript. Based on the paragraphs which were highlighted in yellow, he/she just modified the citations within those paragraphs. The whole paper is just like the same as the previous one. Revision of this manuscript is really necessary. Some important key words and concepts need to be further discussed and integrated. The organization and flow content of the manuscript are problematic. |   |
