**PART 1: Review Comments**

|                                            | <b>Reviewer's comment</b>                                                                                                                                                                                                                                                                               | <b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i> |
|--------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b><u>Compulsory</u></b> REVISION comments | <b>Excellent paper and of relevance to the body of knowledge.</b><br><br><b>Clarify the plagiarism issue:</b><br><b>CONTENT IS 89% ORIGINAL</b>                                                                                                                                                         | These will be taken care, but remember that most of the quotations your had made were from the same author i.e the write- ups may have the same origin.                                     |
| <b><u>Minor</u></b> REVISION comments      | 108 consider replacing The subjects (with the <b>Participants</b> )<br><br>subjects should be replaced with participants in line 108. This is because, the students were not subjected to any form of invasive techniques, rather, they simply participated in the study by filling the questionnaires. | Noted and would be corrected                                                                                                                                                                |
| <b><u>Optional/General</u></b> comments    |                                                                                                                                                                                                                                                                                                         |                                                                                                                                                                                             |
