PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Reviewed article describes the findings of phytochemical investigation and pharmacological properties of methanolic extract of medicinal plant <i>Ixora cuneifolia</i> . It was shown that the medicinal plant could serve as medicament with anthelmintic, antidiarrheal, thrombolytic, and antioxidant properties. Chapter "3.4 Total phenolic content (TPC)" and Table 2 are unclear due to unit's imperfections - see remarks in the text of manuscript.	We made the corrections of your marked text in the manuscript. See the revised manuscript.
Minor REVISION comments	A lot of formally predominantly language imperfection. See text of manuscript Manuscript needs a small text revision – see the remarks in text of manuscript.	We have done this job and made the corrections (marked with yellow colour).
Optional/General comments	Due to formally and objective imperfections I do not to recommend the manuscript for publication in this form.
