

SDI Review Form 1.6

Journal Name:	Asian Journal of Medicine and Health
Manuscript Number:	Ms_AJMAH_30973
Title of the Manuscript:	Plasmid Profile and antibiogram of Vancomycin and Methicillin Resistant Bacteria isolated from Wound Swabs from Hospital patients in Akure, Nigeria
Type of the Article	research

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	This work, very interesting was undertaken in order to isolate major bacteria from wound. Than the resistance profile to some antibiotic was assessed followed by the detection of resistance plasmid related or no from the mutiresistant strains. The subject is very interesting as bacterial resistance is increasing and alarming. Some repetitions to be corrected The explanation of the electrophoresis in not clear Paragraph ending page 9 to be checked and rephrase.	Yes!!!! Thanks. Noted. Adjusted. Noted. Corrected as appropriate.
<u>Minor</u> REVISION comments	Bibliographic references to be rearranged and corrected (both in text but also in the list at the end). In general, the text must be checked carefully by the author(s) and resubmitted	Corrected as appropriate. Noted.
<u>Optional/General</u> comments	Some word are bounded , they have to be separated The major corrections are highlighted, must to be corrected before corrections.	Noted. Corrected as appropriate. Thank you for taking your time to review my manuscript. I'm honoured.
