SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Improvement of Title may be helpful, I suggest the following "Antimicrobial Activity of Pyocyanin for Inhibition of <i>Pseudomonas aeruginosa</i> Urinary Tract Pathogens" ABSTRACT for this journal is organized in the following sections: Aims, Study Design, Place and Duration of the Study, Methodology, Results, Conclusion. REFERENCES in the text are indicated by brackets and numbers, i.e. [1]. The journal does not use Harvard Style. The INTRODUCTION is 5.5 pages long, which is extremely long. The INTRODUCTION should be condensed or shortened in length by omission of excessive references. RECOMMENDATIONS at the end of the manuscript should be changed to CONCLUSION. There are a very long list of references which could be greatly shortened to accommodate a shorter INTRODUCTION. REFERENCES should adhere to the style of this journal. NOT Harvard style.	• Title has been changed. • Abstract corrected • References corrected • Introduction: shortened • Conclusion corrected • Ref. List shortened • Ref. Style corrected
Minor REVISION comments		
Optional/General comments
