SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	1. Abstract is too large. Author should write the relevant information only. 2. “Family Planning (FP) is a principal strategy in controlling population growth and promoting 36 maternal and child health through an adequate spacing of births and avoiding unwanted 37 pregnancy.(1)” Write the citation no. not outside of the full stop. “Family Planning (FP) is a principal strategy in controlling population growth and promoting 36 maternal and child health through an adequate spacing of births and avoiding unwanted 37 pregnancy(1).” 3. In percentage analysis, only write percentage; do not necessary to write both number and percentage. 4. Check carefully all the references (text & list). There are a number of mistakes both typography mistakes and lack of data 5. If any cell, there are less than 5 responses than Chi square test is not applicable. The author still use Chi Square test at “ethnicity” Here, author(s) can run Fisher's exact test.	Done. Noted. OK. OK.
<u>Minor</u> REVISION comments	1. Please carefully revision the whole paper.	Noted.
<u>Optional/General</u> comments
