PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	There is no technically error found in the manuscript. However it would be more worthy by adding recommendation how to improve the quality of health care among teaching hospitals, to provide a general approach to undertaking formative, theory-based evaluations of iterative improvement initiatives, policy reforms to support better quality and lower costs, to specify series of steps building on current initiatives to improve the quality of health care delivered in each part of our health care system. Add few recommendations to make manuscript worthy after conclusion.	I added the few recommendation as it may be applicable for the improvement of quality of education.
<u>Optional/General</u> comments	The Manuscript entitled as "Satisfaction with quality of health care among teaching hospitals in Kathmandu, Nepal" is a original work conducted by scholars is a cross-sectional descriptive study to assess the satisfaction with quality of health care selected hospitals in Kathmandu, Nepal. Manuscript is well written, understandable, methodology is superb.	Thanks
