General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	It is well planned experimental study. The labels on the Figures given as coronary section- needs to be corrected. It has to be coronal section. The histograms are not clear. The use of the word wonderful cola need not be repeated.	Effectuated as pointed out. Thank you.
<u>Minor</u> REVISION comments	The manuscript may be subjected to language editing and the presentation improved.	
<u>Optional/General</u> comments
