Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The authors should verify all numerical data because there are many mistakes in the text. For example: In TABLE 4. The Salt intake and the Consumption of fatty food, both Totals are higher than 100%.	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	The authors have realized a very interesting investigation, because obesity and overweight are two worldwide distributed problems that are associated with health problems. Studying about their causes will permit to propose strategies for combating them.
