Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Should be included in the study women who are not married, I see no interest in conducting the study only with married women.	
Minor REVISION comments	Line 3: Change this sentence "Contraceptive Practices Among Married Women of Reproductive Age Group in Ogbomoso Metropolis, Nigeria". For this sentences: "Contraceptive Practices Among Women of Reproductive Age Group in Ogbomoso Metropolis, Nigeria". Line 16: Exclude this sentence: "Women who were divorced, widows and 16 those who refused to participate were excluded from the study". Line 26: "The conclusions should be presented in three or four lines only". Line 72: Change this sentence: "Level of statistical significance was set at 5%". For this sentence: "Level of statistical significance was set at 95%". Line 135: "The discussion is very long, it should be summarized in half the space".	
Optional/General comments
