Manuscript Number:	Ms_AJMAH_40490
Title of the Manuscript:	OUTCOME OF CHILDHOOD TUBERCULOSIS AT A SPECIALIST HOSPITAL IN GUSAU, NIGERIA
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	# Article is well written and contains very informative data. # Table-2 shows comparative results of various investigations. Gene-Xpert test was not carried out on all cases included in study, as the machine was not available in earlier cases. Thus, The results of Gene-Xpert test can be tabulated separately, instead of comparing them with other tests, as it gives a false impression of low positivity rate.	
Minor REVISION comments	# Grammatical error needs correction on line 56.	
Optional/General comments	Paper is well written and can be accepted after making appropriate changes.
