Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	1. Referencing format is poor. Numbering must be rewritten. 2. Questionnaire must go through validation process, is there any?	Corrections have been noted and would be effected. Thanks.
Minor REVISION comments	1. The gender of the refuse collectors is not mentioned in the paper. Author must explain. 2. Author does not explain the training for interviewer. Are the interviewers qualified to conduct interview?	1. They were all male refuse collectors as is the common practice here, however, it would be mentioned in the paper. 2. The interviewers were duly trained on how to effectively extract the desired information.
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)	

As per the guideline of editorial office we have followed VANCOUVER reference style for our paper.
