SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	Throughout the manuscript, the sentences should be modified for better understanding. Explanation for Figure 1 & Figure 2 can help to understand the result section in a better way Some of the references are not recent.	Dear Sir, I agree with your remarks. For the sentences, I make the maximum because our national language is French therefore not easy. I learn English in order to have good level. For the authors of the publication, it is therefore to the level of the methods so it will be difficult to change now. But I will correct it in the next works. thank you
Optional/General comments		<u>Correction in the publication</u> 2-2 Samples processing At the end of this part, please cut or sellers 3-1 Biochemical contents variability In the text, Line 6...is figure 1 Line 19... figure 2 Please make same correction at the end of the publication figure part.
