

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	Asian Journal of Biology
Manuscript Number:	Ms_AJOB_36115
Title of the Manuscript:	Homestead plant diversity at the ship breaking areas of Bangladesh
Type of Article:	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
Introduction. Effort has been done to improve the introduction Material and methods. Figure 1a has been downloaded from the Internet. In science this is unacceptable; you should quote the link or the source of the figure. In addition, we are in the 21st century and in all universities and research centers there is a mapping unit that can produce very pretty maps. The proposed map is ugly Results. Most of the errors are still there : Table 1. the list of the species contain some errors : Banana <i>Musa sapientum</i>, Boroi <i>Zyzyphus Mauritania</i> Discussion still poor	- Some changes were added in abstract part (yellow colored). Please check it. - In introduction part, one reference was added (yellow colored). - In materials and methods part, Map has been updated following the recommendation from the reviewer. Furthermore, one sentence was made correction in study area part which are yellow colored. Please check it. - In result section, all the spellings were corrected according to reviewers comment. Please check the marked yellow color. Moreover, figure 3(a), 3(b) were designed as per suggested. - We improved the discussion part and put further research priorities at the study area. Moreover, we tried to relate other related research output with our study findings and put reference in the text and in reference section as yellow colored. - In reference section, we put several references which are mentioned in text also (yellow colored).
