General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The manuscript should be rewriting according to Journal rules. I did some comment on the text (Please see the text). The English of the manuscript is very poor. I strongly recommended that the author should be sent the manuscript to native English speaker before submit again. After the correction the manuscript can be acceptable to publish.	We have tried to adjust the text according to the instructions of the magazine .. Then we introduced the manuscript to the English colleagues and modified what they can where they considered that the text is very good .. The comments on the manuscript, we took them according to their importance and highlighted in yellow
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
