**PART 1: Review Comments**

|                                            | Reviewer's comment                                                                                                                                                                                                                                                                                                                                                                      | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b><u>Compulsory</u></b> REVISION comments | <p>1. Tables ii and iii should be merged as they are both talking about the same thing</p> <p>2. line 168-170 needs a citation</p> <p>3. Discussion is very shallow and must be improved upon through comparative discussion of various results obtained for various parameters for different samples.</p> <p>4. Inconsistency in referencing style. Adopt only one definite style.</p> |                                                                                                                                                                               |
| <b><u>Minor</u></b> REVISION comments      | <p>Line 17 : Served</p> <p>Line 25: Stating</p> <p>Line 45: Contents</p> <p>Line 92: Define what 1g stands for.</p> <p>Line 100 and 115: Format well</p>                                                                                                                                                                                                                                |                                                                                                                                                                               |
| <b><u>Optional/General</u></b> comments    |                                                                                                                                                                                                                                                                                                                                                                                         |                                                                                                                                                                               |
