

Editor's Comment:

As per suggestion given by reviewers. The manuscript has been revised according to the comments and suggestion and appears of better quality. However, some minor revisions should still be conducted. I still highlight some problems in the text. See comments inserted in the manuscript.

Editor's Details:

Dr. Tulay Askin Celik
Department of Biology, University of Adnan Menderes, Turkey

Manuscript number: 2018_AJOB_39936

Manuscript title: A study of C677T polymorphism of Methylenetetrahydrofolate reductase (MTHFR) gene and it's susceptibility in Coronary artery disease

Author details:
1,2Javeed Ahmad Tantray
