SDI Review Form 1.6

Journal Name:	**Asian Journal of Biology**
Manuscript Number:	**Ms_AJOB_39670**
Title of the Manuscript:	**Study on the Antibacterial Activities of Coelomic Fluid of Local Earthworms against Disease Causing Microorganisms**
Type of the Article	Short Research Articles

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty'**, provided the manuscript is scientifically robust and technically sound.
To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline)

<mark>PART 1:</mark> **Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	**1.INTRODUCTION:** -Missing references in all paragraphs **2.MATERIALS AND METHODS** -Statistical analyses aren't described **3. RESULTS** -There aren't independent repetitions of treatments and lack of statistical analysis. Table 1 and Figure 2 don't have the standard deviations **4. DISCUSSIONS** -Poor discussion. You should cite related work on the use of coelomic fluid of earthworms and expand the antibacterial properties and mechanisms that have been reported **REFERENECES** -There is only one reference of recent years	
Minor REVISION comments	**1.INTRODUCTION:** -The references are not in the order that they appear in the text. **2.MATERIALS AND METHODS** -In the "Collection of earthworm" section the references have another format some that are not listed at the end of the manuscript **REFERENECES** - They don't have the format required by the journal	
Optional/General comments	- Some pictures of the essays
