

Editor's Comment:

Please find my comments below:

1. There are grammatical errors that need to be corrected. I have highlighted few and same is also attached herewith.
2. Change the title according to the Rev 1.
3. Need clear picture of Fig. 4 and 6.
4. The reference section need a further revision on the format, avoid DOI, article ID for old articles.

The article can be acceptable after the above revision.
