

SDI Review Form 1.6

Journal Name:	Asian Journal of Chemical Sciences
Manuscript Number:	Ms_AJOCS_32728
Title of the Manuscript:	On the Adsorptive Detoxification of Chrome Tan Liquor: Kinetics, Thermodynamics and Mode of Transport.
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	Arrange the references as per journal style	References are now arranged as per AJOCS adopted style
<u>Minor</u> REVISION comments	After carefully reading the research article I concluded that the paper is well written .The results are systematically presented and conclusions are drawn through proper interpretation. It contributes to the existing information and knowledge.	
<u>Optional/General</u> comments	<p>This paper reports the results of an experimental study on On the Adsorptive Detoxification of Chrome Tan Liquor: Kinetics, Thermodynamics and Mode of Transport.</p> <p>The presentation is clear and concise. The information provided in the paper may be useful to others and is therefore of value. However, the discussion part was weak. The authors need to put their work into perspective by citing and comparing with other researchers' work in detail.</p>	Comparison noted. Inferences were drawn by linking and comparing work with references cited as [23- 34]
