|                          |                                                                                                                                                      |
|--------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| Journal Name:            | <a href="#">Asian Journal of Chemical Sciences</a>                                                                                                   |
| Manuscript Number:       | Ms_AJOCS_42355                                                                                                                                       |
| Title of the Manuscript: | Spectral and Thermal Characterization of Mn(II), Ni(II) and Zn(II) Complexes Containing Schiff Base Ligands Towards Potential Biological Application |
| Type of the Article      |                                                                                                                                                      |

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

|                                     | Reviewer's comment                                                                                                                                                                                                                                                                     | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Compulsory</b> REVISION comments |                                                                                                                                                                                                                                                                                        |                                                                                                                                                                               |
| <b>Minor</b> REVISION comments      | Please check the paper. There are some spelling mistakes such as analar grade.<br>In manuscript, all abbreviations or symbols should be given whenever any word is used for the first time (eg. $\mu\text{eff}$ . In Table 1) .<br>In line 97, equation number missing. Please add it. | All chemicals and solvents used were commercial products and were used as supplied.<br>All the suggestions followed.<br>Thanks for your valuable comments.                    |
| <b>Optional/General</b> comments    | I think that the work can be published after minor revision.                                                                                                                                                                                                                           |                                                                                                                                                                               |
