

SDI Review Form 1.6

Journal Name:	Asian Journal of Chemical Sciences
Manuscript Number:	Ms_AJOCS_40913
Title of the Manuscript:	Synthesis, Spectral and Thermal Characterization with Antimicrobial Activity Studies on Some Metal Complexes Containing Schiff Base Ligand
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The whole manuscript should be revised for linguistic, grammatical and punctuation mistakes to make it more readable	
Minor REVISION comments	<ol style="list-style-type: none"> Title of figures 1, 2, 7, 8, 9 and 10, write synthetic pathway not synthesis pathway Page 3, line 83, write has been shown instead of has shown Page 5, line 102, in experimental procedures, write dropwise (to be written as one word) instead of drop wise (two words), and to be changed through the whole manuscript <p>4. Concerning the references,</p> <ul style="list-style-type: none"> ➤ Journal names sometimes written abbreviated and other times full names are written, so authors should write all journal names abbreviated. ➤ Authors sometimes write issue and other times not, I think no need to write issue (unless, it is a necessity of the journal formatting). ➤ Volume is sometimes missed ➤ The style of writing pages is not similar. ➤ Author names should be written similarly ➤ Author names and title of paper of reference 5 are missed ➤ Anyway, all references should be written similarly. 	
Optional/General comments
