

SDI Review Form 1.6

Journal Name:	Asian Journal of Probability and Statistics
Manuscript Number:	Ms_AJPAS_43741
Title of the Manuscript:	Comparison of the Bootstrap and Delta Method Variances of the Variance Estimator of the Bernoulli Distribution
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	NIL	
Minor REVISION comments	NIL	
Optional/General comments	It will be more better, if authors perform the numerical comparison on the basis of any real life data set.	Section 3 provides three examples of the Bernoulli trials to illustrate the three methods. Thank you very much for your suggestions.
