

SDI Review Form 1.6

Journal Name:	Asian Journal of Research and Review in Physics
Manuscript Number:	Ms_AJR2P_41005
Title of the Manuscript:	The Relativistic Synchrotron Radiation in the Frame of the Moving Particle
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The present manuscript combines synchrotron radiation, uniformly rotating frames, special relativity. The paper is well formulated and it is an interesting Approach to combine all these different ideas. Unfortunately, the idea is old and have been already attended by various peoples. Plagiarism issue https://en.wikipedia.org/wiki/Bremsstrahlung, https://ipfs.io/ipfs/QmXoyvizjW3WknFiJnKLwHCnL72vedxjQkDDP1mXWo6uco/wiki/Bremsstrahlung.html, http://physicsopenlab.org/2017/08/02/bremsstrahlung-radiation/, ...	There is no precedent in calculating the physics in the frame co-rotating with the particle.
Minor REVISION comments		
Optional/General comments	Please do a proper literaturesurveyand learn how to present a manuscript in a proper way. For example, see the link https://arxiv.org/pdf/1803.10242.pdf .
