

SDI Review Form 1.6

Journal Name:	Asian Journal of Research and Review in Physics
Manuscript Number:	Ms_AJR2P_41506
Title of the Manuscript:	Measurement of Natural Radionuclides (40K, 238U and 232Th) and Associated Dose Rates in Soil and Commonly Consumed Foods (Vegetables and Tubers) at Okitipupa, Ondo State, Southwestern Nigeria.
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The titles is to much, I suggest to be as ((Measurement of 40K, 238 U and 232 Th) and Associated Dose Rates in Soil and Commonly Consumed Foods at Okitipupa, Ondo State, Southwestern Nigeria))	
Minor REVISION comments	The manuscript entitle "Measurement of Natural Radionuclides (40K, 238U and 232Th) and Associated Dose Rates in Soil and Commonly Consumed Foods (Vegetables and Tubers) at Okitipupa, Ondo State, Southwestern Nigeria." describes to measure the concentration of natural radioactivity in soil samples. The manuscript is written in a suitable manner. It is good effort and may be accepted with following suggestions and minor corrections.	
Optional/General comments	In my opinion, the manuscript is well focus and written. Also the result presented in this manuscript is valuable for human health.
